Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM
THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. Applicant's formal drawings filed December 20, 2003 has been considered and place of record.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 3, and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Johansson et al.

Johansson et al. discloses the method delivering a nebulized fluid for inhalation comprising: providing a nebulizing device, a reservoir 20, a container 31, removing and replacing the container 31 (this is a conventional pre-filled medication cartridge), the cartridge will be removed and replace with another cartridge when the medication within the cartridge is depleted, or patient wants to remove the cartridge for a different medication cartridge, replacing the reservoir 20 (see column 11, line 25, and column 14, lines 64-68).

Claim Rejections - 35 USC § 103

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 2, 4-9, 11-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Johansson et al. in view of Haber et al.

Johansson teaches all the limitations of the claims except for a vibrating element, a needle, and a valve. However, Haber discloses a nebulized fluid for inhalation comprising a nebulizing device 1, a reservoir 32, a container 60, a vibrating element 22/24 with a plurality of holes, the reservoir 32 with a needle cannula 34 and a needle support 36, a one way valve 26 directing fluid to the reservoir. Therefore, it would have been obvious to one having ordinary skill in the art to have provided the device of Johansson et al. with a vibrating element, a needle, and a valve as suggested by Haber. Doing so would provide an effective nebulizer.

Response to Arguments

6. Applicant's arguments filed December 16, 2003 have been fully considered but they are not persuasive.

7. Applicant's arguments with respect to claims 1-12 have been considered but are moot in view of the new ground(s) of rejection.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dinh Q Nguyen whose telephone number is (703) 305-0248. The examiner can normally be reached on Monday-Friday 6:30-4:00 alternate Friday off.
